

9. Fold the flap down so that it is centered. Use the left and right borders on the other side as a guide.

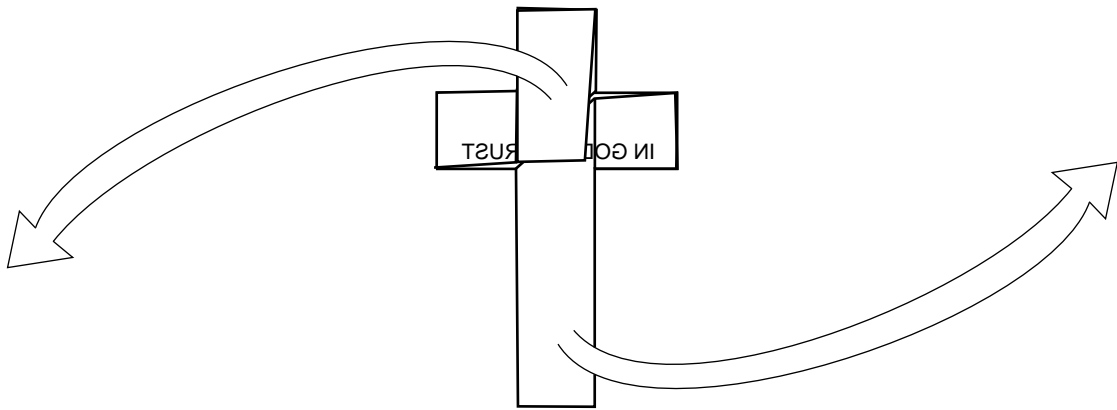

10. Fold on the existing crease.

11. Fold on the same angle as step 9.

12. Fold the top edge down so that it is slightly above the bottom edge of the cross bar.

13. Make sure all the creases are sharp and unfold to step 8.

14. Turn over.
